EXPERIENCE

Mern Stack Developer

NanoBitWorld

Mar 2025 – Ongoing

Lahore, Pakistan

- Built and deployed scalable full-stack apps (MERN stack) with seamless performance.
- Implemented secure auth, and middleware using JWT.
- Delivered real-time chat, notifications, and live updates with Socket.io WebSockets.
- Integrated third-party APIs services and developed a custom leaderboard system to boost engagement.
- Optimized delivery via CI/CD pipelines (AWS, Railway, Render) in agile workflows.

React JS Developer

Nano Bit World

Dec 2023 – Feb 2025

Lahore, Pakistan

- Converted Figma designs into responsive UIs using React.js, Tailwind CSS, and Material UI.
- Developed reusable components with hooks and integrated GSAP & Framer Motion for smooth, modern animations.
- Implemented Redux-based state management, improving performance and consistency.
- Integrated REST APIs with validation & error handling, ensuring reliability and a seamless user experience.
- Collaborated via Git/GitHub workflows, maintaining clean version control and effective teamwork.

EDUCATION

B.S. in Computer Science – 3.3 CGAP

Lahore Garrison University

Oct 2021 – July 2025

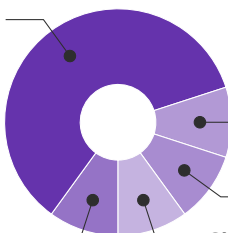

Intermediate in Computer Science

Punjab College

2019 – June 2021

A DAY OF MY LIFE

Work as Mern Stack Developer

Morning Workout & Gym

Self Learning & Skill Growth

Sleep & Recharge

Family & Quality Time

LIFE PHILOSOPHY

“Keep building, keep learning – every bug teaches you something new.”

MOST PROUD OF

Self-Learning Journey

Taught myself React.js and modern frontend tools through dedication and daily practice

Consistency

Maintained a 2-hour daily learning schedule to become a GSAP and Framer Motion Expert

Project Growth

Developed multiple interactive and visually appealing React projects with advanced animations

Team Collaboration

Worked on open-source projects, contributing clean and efficient code while helping teammates grow

STRENGTHS

React.js

Tailwind Css

JavaScript & Modern ES6+ Practices

Responsive Web Design

MERN

Ant Design

Material UI

Chakra UI

Framer Motion

GSAP

Debugging

Problem Solving

Leadership & Communication

Continuous Self-Learning

Team Collaboration
